

2 in 1: MEYLE joint play tester and wheel gripper

Joint play tester:

- precise joint play testing
- ideal for initial control arm mount examination (does not substitute visual inspection for hydro mounts)
- is assembled directly on the wheel without requiring any preparation work, such as lifting the vehicle
- engaging customer experience: practical and credible demonstration of why the repair is required

Wheel gripper:

- suitable for wheel diameters from 550mm to 800mm (from approx. 13" to 22") on all popular car, SUV and van models
- no damage to the wheel rim
- secure mounting thanks to anti-slip spikes
- fits to the wheel in seconds
- easy on the back and joints
- low-force lever
